

Resolution 2020 – 14

RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE THE AMENDMENT TO REVISE THE PROJECT SCOPE TO DESIGN AND CONSTRUCT PAVEMENT MARKINGS, OBSTRUCTION REMOVAL, AND UNDERGROUND UTILITY CONVERSION, AS DETAILED IN ATTACHMENT 1 WITH THE DEPARTMENT'S REVISED TOTAL COST OF THE PROJECT TO \$500,000

WHEREAS, The City of DeFuniak Springs entered into a Joint Participation Agreement (FIN: 42563529401) with the Florida Department of Transportation for assistance with an Underground Utility Conversion; Airport Access Road Realignment Design/Construction; and Runway Approach Surface Obstruction Removal; for the DeFuniak Springs Airport, Walton County, Florida by Resolution 2016-11 on September 26, 2011; and

WHEREAS, the City of DeFuniak Springs, Florida approved the revision of the grant description to "Design and Construct Airport Pavement Markings, Obstruction Removal, and Underground Utility Conversion" by Resolution 2020-10 on May 26, 2020; and

WHEREAS, the Public Transportation Grant Agreement (FIN: 42563529401) between the City of DeFuniak Springs and Florida Department of Transportation shall be completed on or before June 30, 2021.

NOW THEREFORE, be it adopted, that DeFuniak Springs authorizes the Mayor to execute the amendment to revise the project scope to design and construct pavement markings, obstruction removal, and underground utility conversion, as detailed in Attachment 1 with the Department's revised total cost of the project to \$500,000.

APPROVED AND PASSED by the City Council of the City of DeFuniak Springs, Florida, this 13th day of July 2020.

Mayor Robert "Bob" Campbell

Comments:

North Walton County is designated as REDI - funds to be reimbursed at 100%

Attachment 1
**DESIGN AND CONSTRUCT AIRPORT PAVEMENT MARKINGS, OBSTRUCTION
REMOVAL, AND UNDERGROUND UTILITY CONVERSION**

DeFuniak Springs Airport
Professional Design, Bid, and Construction Phase Services

Project Description:

This project consists of converting the existing electrical infrastructure running along Gene Hurley Road on the west side of the airport from overhead to underground infrastructure in conduit. This project also consists of remarking the airfield pavements and removal of trees which are identified as obstructions.

Project Justification:

The existing overhead electrical infrastructure to the north and west of Runway 9-27 penetrates the Part 77 surface; therefore, it must be installed underground to avoid implementation of a displaced threshold which would reduce the runway length. The existing airfield pavement markings are in poor condition and in need of rehabilitation. Several trees have been identified as obstructions and are in need of removal.

Engineer:

AVCON INC. will perform the design, bid, and construction phase services.

Scope of Services:

The scope of services shall include the following tasks.

- Prepare conceptual underground electrical infrastructure layout
- Coordinate conceptual underground electrical infrastructure layout with Gulf Power
- Coordinate pavement marking scope with Hi-Lite Airfield Services
- Apply pavement markings
- Inspect pavement markings following application
- Review pavement markings invoice from Hi-Lite Airfield Services
- Identify trees to be removed
- Removal of trees
- Prepare bid and construction documents for tree removal
- Provide construction administration services for tree removal

Payment and Deliverables/Milestones:

Payment for the work above will be made for activities performed in accordance with the tasks above. A progress report or other means of verification will be provided with each invoice attesting of the work performed.

- Payment for consulting work may be made on a monthly basis in proportion to the percentage of completion.
- Payment for pavement markings will be provided once all pavement marking work is complete

EXHIBIT "A": SCOPE OF SERVICES—AVCON, INC.
Design and Construct Airport Pavement Markings, Obstruction Removal
June 11, 2020
Page 2 of 2

Construction (Contractor):

The construction contractor for this project (tree removal) will be determined via public competitive bidding process. Generally, the scope of services for the construction contractor will generally include tree and stump removal and disposal as required and included in the construction contract.

The contractor will furnish all materials, labor, incidentals, and supplies required to construct the project and deliver the same to the Owner, ready for use.

The contractor will provide performance and payment bonds, all work to maintain traffic and meet the construction safety requirements, final clean-up and restoration, and all paperwork that is required from the contractor.

These services will be fully defined in the contract documents to be prepared as part of this project. These documents will be included in the bound "Contract Documents and Specifications" book, the drawings and the bid submitted by the contractor.

Payment and Deliverables/Milestones:

Payment for construction will be made after the following deliverables are received or milestones occur:

- Payment will be made on a monthly basis, based on periodic pay requests listing all work in-place.
- The pay requests will be reviewed by the engineer who will make any required adjustments and deliver the pay request to the owner with recommendation for payment.
- Upon completion of the work, execution of the final change order, and submittal of all required project completion documents, the final (100%) payment will be made.

Preliminary Cost Estimates:

Remove over-head power poles and replace with underground infrastructure (Gulf Power):	\$146,780.00
Hi-Lite Airfield Services (Hi-Lite Airfield Services):	\$330,228.70
Professional Services/Tree Removal:	\$22,991.30
Total:	\$500,000.00

Resolution 2016-11

WHEREAS, The City of DeFuniak Springs desires to enter into a Joint Participation Agreement (FIN: 42563529401) with the Florida Department of Transportation for assistance with an underground utility conversion, airport access road realignment design and construction, and a runway approach surface obstruction removal, and

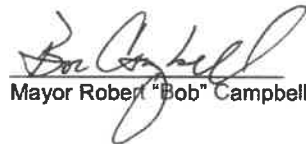

WHEREAS, the State of Florida, Department of Transportation has agreed to participate in Joint Participation Agreement FIN: 42563529401 and contribute a maximum amount of \$500,000.00; and

WHEREAS, the City of DeFuniak Springs by Joint Participation Agreement has agreed to participate in FIN: 42563529401 and contribute an amount of \$125,000.00 for the project; and

WHEREAS, the Joint Participation Agreement (FIN: 42563529401) between the City of DeFuniak Springs and Florida Department of Transportation shall be completed on or before June 30, 2021;

NOW THEREFORE, be it adopted, that DeFuniak Springs Mayor Bob Campbell is authorized to execute on behalf of the City of DeFuniak Springs with the State of Florida, Department of Transportation for the Joint Participation Agreement, FIN: 42563529401 for an underground utility conversion, airport access road realignment design and construction, and a runway approach surface obstruction removal in the total amount of \$625,000.00.

APPROVED AND PASSED by the City Council of the City of DeFuniak Springs, Florida this 26th day of September, 2016.
